GRAND TECHNOLOGY

Excited to know about PlayIT?

PlayIT is an innovative social multi-gaming platform that transforms the way users engage with their favorite games. Offering a wide array of world-renowned games, from Chess and Ludo to Dominoes and Kunai Throw, PlayIT combines competitive gaming with a rewarding twist. Users can compete in various tournaments and battles to win Pi tokens, which can be redeemed for real-world rewards.

Beyond gaming, PlayIT fosters a vibrant community, featuring social feeds, chat rooms, and a gifting system, making it a comprehensive hub for gamers to play, socialize, and earn.

Whether battling it out in 1v1 matches or participating in community-created tournaments, PlayIT delivers an unparalleled gaming experience that rewards users every step of the way.

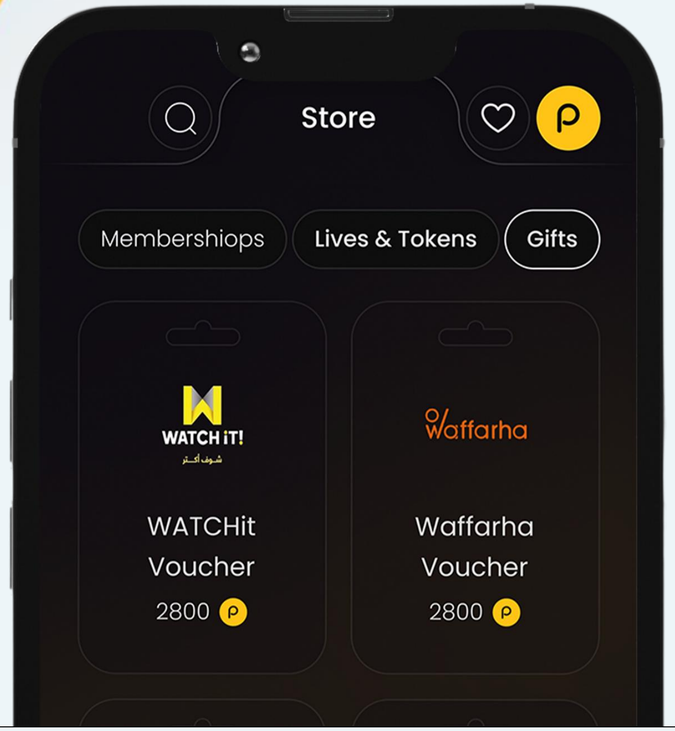
VISION

To be the leading gaming & entertainment company in our chosen markets by providing superior entertainment value and exceptional experiences.

MISSION

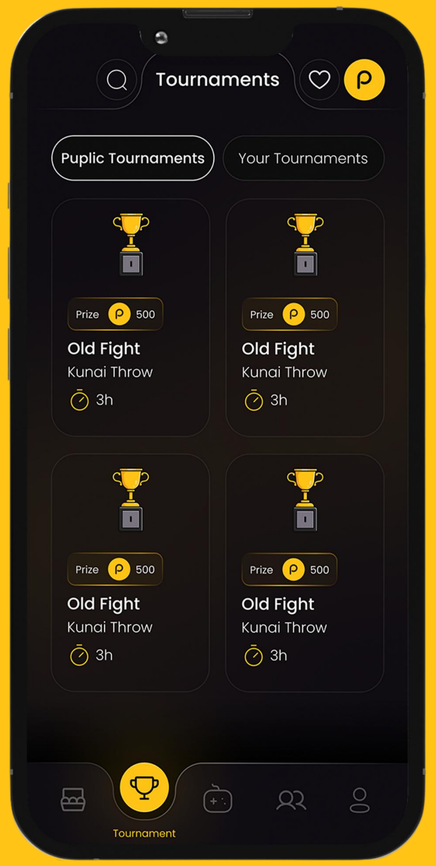
To create an engaging multiplayer community that redefines gaming, infusing it with an element of competitive excitement and challenging intrigue

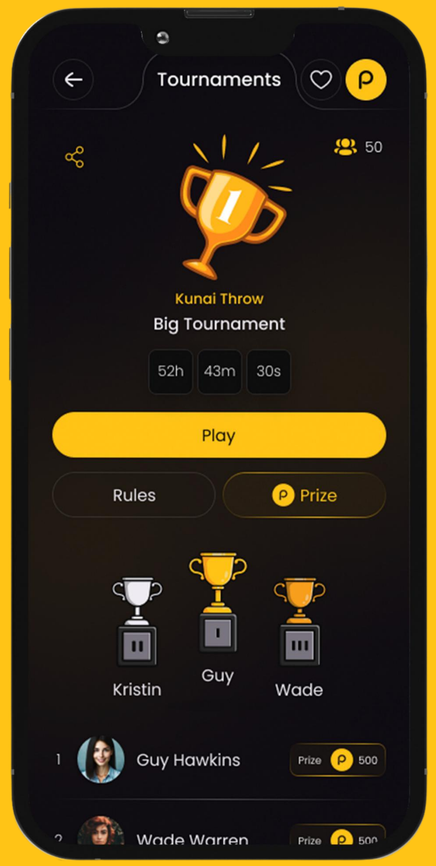
WHY PLAYIT STANDS OUT!

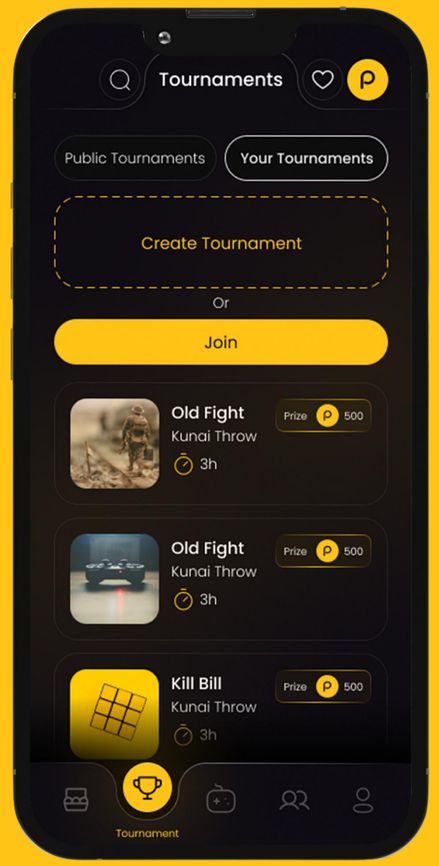


PAY OR PLAY?

Why pay when you can play? The "Pay or Play" model on PlayIT allows users to buy or earn over 1200 products from more than 100 vendors using Pi tokens from gaming tournaments and battles.







HIGHLY COMPETITIVE

Enriching the gaming experience by hosting a variety of tournament types across numerous games. Our tournaments are either branded sponsored tournaments, offering exciting prizes, or created by PlayIT users, promoting community engagement.
